

## ***No-NONSENSE 2 YEAR Manufacture WARRANTY***

Schmooze Communications LLC offers a No-Nonsense, all inclusive 2 year warranty on all hardware and software purchased with your PBXact system.

The degree of confidence a manufacture has in their product is reflected by the way they write their guarantee.

The PBXact system is guaranteed to provide 100% digital, crystal clear voice calls over an Analog or T-1/PRI PSTN connection and we will correct any voice quality issues that are a direct result of a hardware or software issue.

To file a Warranty Claim please send an email to [support@schmoozecom.com](mailto:support@schmoozecom.com).
